

Mathematics

In Maths, we spot patterns, solve problems and build bright futures.

Curriculum Intent

Our Mathematics curriculum aims to nurture a love of Mathematics by developing all pupils into fluent and confident mathematicians who are well-equipped, resilient and embrace challenge. The Trentside Federation will encourage pupils to take pride in finding solutions to problems, both in the classroom and in the wider world, developing an understanding of the importance of Mathematics and how the skills they acquire at school can be applied to the world around them. Regardless of their background, needs or ability we aim to deliver a curriculum which not only prepares pupils for their future but inspires them to be the best that they can be and to become the innovators of tomorrow.

Vision

Developing hope & resilience • Building a community of aspiration

Inspired by the love & teachings of Jesus Christ to be the best that we can be

Values

Hope

Love

Courage

Resilience
